VACCINATIONS POLICY

As per NJ Higher Education Statute, N.J.S.A. 18A:61D-1, every graduate and undergraduate student who is 30 years of age or less and is enrolled full-time or part-time in a program or course of study leading to an academic degree, is required to submit to the institution a valid immunization record which documents the administration of all required immunizations against vaccine-preventable disease, or evidence of immunity from these diseases.

The required immunizations are Measles, Mumps, Rubella and Hepatitis B.

In addition to meeting the above requirements, all students shall have received immunization for meningococcal disease as recommended by the Advisory Committee on Immunization Practices (ACIP). Students must present evidence of the vaccination(s) required.
